Re: Regional Handibus Feasibility Study January to June 2018

TO: City of Grande Prairie Council

When the County Connector Pilot Project started in December 2018, the result of the Regional Handibus Feasibility Study's recommendations was put on hold to see the outcome of the County Connector Pilot Project.

The County Connector project was cancelled in August 2020, and it is fitting to now consider the Regional Handibus Feasibility Study's recommendations and if there is still interest from the municipalities that were part of the study to move forward.

At the recent Intermunicipal Government Meeting on November 5, 2020, there was a discussion in reaching out to each municipality's Council requesting their interest in moving forward with the initiative.

I would ask that your Council review the feasibility study and inform us of your interest.

Sincerely,

Chris Turnmire
Mayor
